

## Going to the Bathroom At School

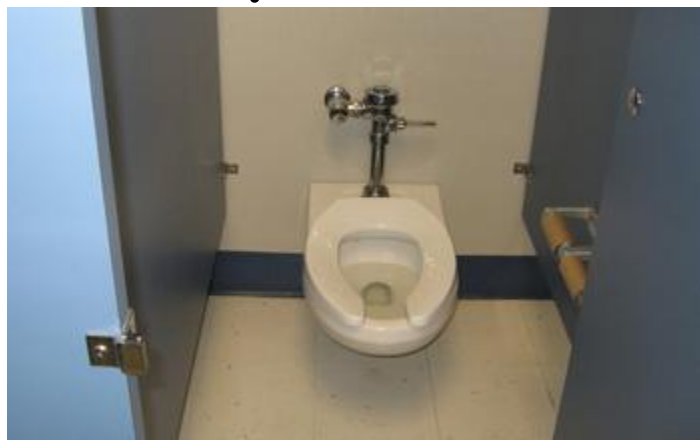

**I do not need diapers anymore!  
No more diapers...**

Now I can wear big boy underwear.

When I have to go pee or poo, I need to go to the bathroom. I can say "bathroom please."

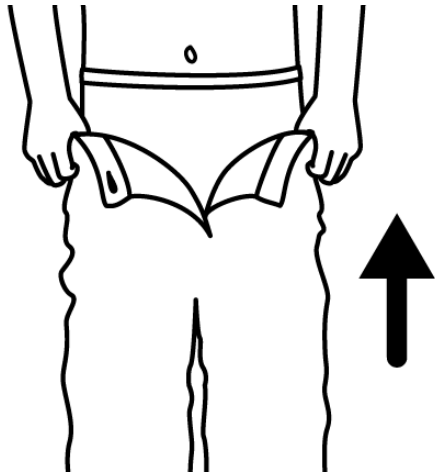

**First, I pull down my pants and underwear, sit on the toilet, and pee or poo in the toilet water.**

**Then I wipe with toilet paper and drop the toilet paper in the toilet.**

**Next I pull up my underwear and pants and flush the toilet.**

**Last, I wash my hands with soap and water. Good job!**
